## The Ultimate in Stone Technology

Quantum Quartz is manufactured using the patented Breton process which is renowned worldwide and contains more than 93% natural quartz, 7% combined bonding agent, special additives and pigments, making it an extremely hard wearing, practical & highly versatile surface.

Quantum Quartz surfaces are of the highest quality and offer a 10 Year Limited Warranty.

### Slabs

Slab Size            3040 x 1440 mm

Slab Thickness    20 mm & 30 mm ■

### Slab Identification

Every Quantum Quartz slab is stamped on the underside to certify authenticity.

### Edge Profiles

Quantum Quartz recommends a minimum radius of 3 – 4 mm on edge detail for optimal performance. There are many edge profiles to choose from. These are a few of the popular edge profiles:

Arris 20mm

Arris 40mm

Mitred Apron 40mm

Note: Quantum Quartz is a natural based surface. It may contain variation in colour due to raw materials. Particles used in the products may sometimes produce minor irregularities such as blotches and coloured particles. The Natural Quartz range of colours combine a mix of unique veins with some natural variations. Vein structure may vary. It is recommended for the customer to view the whole slab.

## Product Features

Non-porous

High Scratch & Chip Resistance

High Abrasion Resistance

High Resistance to Staining

High Flexural Strength

High Chemical Resistance

Keep your Quantum Quartz surfaces looking like new with our range of cleaning products. Available through our online store.

Quantum Quartz is the hygienic, easy to clean surface for kitchens, bathrooms, laundries, commercial spaces + more.
